Dear Doctor:

Was glad to get your request for information about "Sarah" Spencer, because it gave me a chance to be of some service to you.

I have 21 volumes of manuscript & notes gathered through my long research. As I was a busy oil Executive my work was spasmodic, so I had ^{had} my penitents ~~and~~ the mss. as send it to a bookbinder, & index it. The 21 volumes cover all of my ancestral lines, but the indices made study effortfully possible.

I examined every memo & ~~letter~~ letter in re "Spencer". All I could find about Sarah was the report by H. C. Spencer, in his petition for recompense, that Sarah is married in Vermont. Perhaps she had 2 names & used the other.

I noted that he produced the affidavits of Robert Perry, David Shorn, & Daniel Walker

the support of his petition. They must have
been close friends.

But that is all that might
connect with Sarah. A further study
of Vermont Records might uncover something.
Mrs. Nicol has my Vermont books and
will go over to her place tomorrow.

Incidentally the isadness of the
Vermont Walkers of Dorset is not, as
there is a possibility that forty or
may discover something - she is
a great admirer of yours as will
Cooprater. [She has let fault in me
because I innocently misled her in her
novel writing into the belief that
Margaret Pecked was part no have -
as she has to recount the romance
to include the Michigan's.]
will write again tomorrow

Ever truly
